Pesticide application and release record

Use only where pesticides are applied. Follow the approved product label and local authorization.

Prepared by - name / signature / date **Reviewed by - name / signature / date** **Approved by - name / signature / date**

Farm / block / work area: **Date / time:** **Record reference:**

Crop / variety / growth stage / block / treated area and units:

Target pest / monitoring evidence / reason for treatment / alternatives considered:

Product / active ingredient / registration reference / batch / expiry:

Label or approved use reference / authorized agronomic adviser:

Label rate and units / planned product quantity / carrier water / tank volume:

Equipment / nozzle / calibration record / trained applicator:

Weather and wind / forecast / sensitive neighbours, water, bees and buffer requirements:

Circle Y = satisfactory, N = action required, NA = not applicable. Explain N and NA below.

Check	Y / N / NA	Finding / action reference
Use on this crop and target permitted; limits verified	Y N NA	
Applicator competent; required PPE and emergency controls ready	Y N NA	
Equipment calibrated; drift and runoff controls in place	Y N NA	
Workers notified; access restrictions and signage arranged	Y N NA	

Pre-application authorization / signature / date / time:

Pesticide application and release record

Actual use, restrictions and crop release

Prepared by - name / signature / date **Reviewed by - name / signature / date** **Approved by - name / signature / date**

Farm / block / work area: **Date / time:** **Record reference:**

Application start / finish date and time / applicator:

Actual area / product quantity / water volume / rate with units:

Weather / wind during treatment / interruption or deviation:

Re-entry interval and source / earliest permitted re-entry date and time:

Pre-harvest interval and source / earliest permitted harvest date and time:

Other restrictions: grazing / water / subsequent crop / maximum applications or seasonal total:

Leftover mix / rinsate / container handling and disposal record reference:

Exposure / spill / drift concern / incident reference / action taken:

Restrictions communicated / signs installed / affected workers briefed by:

Release verification: interval elapsed and all relevant treatments checked; verifier / date / time:

Do not infer rates, re-entry or harvest intervals. Copy applicable instructions from the approved label and restrictions. No release before every applicable treatment restriction is satisfied.

Applicator - name / signature / date: **Authorized release verifier - name / signature / date:**
